Price Sheet

Quantity	Description	Catalog Number	Unit List Price	Lead Time
1	EXTD RED ETCHED BUTTON FOR NON-ILL PB	M22-XDH-R-ETCH	\$4.97	5 Days
TOTAL			\$4.97	

When you click **Bell icon** or when you save your configuration, the system will check for Validation Errors and Alerts and will display the Technical Data Sheet for M22 Accessories and Components.

The Overflow menu icon (three dots) has useful but less frequently used functions that may vary based on your role.

On the top left, you can also **Make a Copy** and **Save** your item to a list of jobs in Bid Manager. The Make a copy button allows you to save multiple line items to your bill of material with different designations. It is similar to the former **Save As** button.
